PROFESSIONAL SUMMARY

Electronics and Telecommunication Engineering graduate (SPPU) with a 6-month hands-on internship in cloud infrastructure and a strong foundation across AWS, Linux administration, and DevOps tooling. Experienced in managing EC2 instances, configuring IAM and security groups, and working with automation tools including Git, Docker, Terraform, and Ansible. Seeking anentry-level Cloud/DevOps Engineer role to apply and grow practical infrastructure skills in a production environment.

TECHNICAL SKILLS

Cloud (AWS): EC2, S3, VPC, IAM, RDS, DynamoDB, Lambda, API Gateway, CloudWatch, CloudTrail, ELB, Route53, Auto Scaling

Security & Monitoring: IAM Policies, CloudWatch, EventBridge, SNS

Networking &Storage: VPN, NAT, S3 Lifecycle Policies

Linux Operations: Shell Scripting, SSH, Crontab, Log Management, User & Package Administration

DevOps Tools: Git, GitHub, GitLab, Bitbucket, Terraform, Docker, Ansible

CERTIFICATIONS

- Master in Cloud Architecture — Fortune Cloud

INTERNSHIP EXPERIENCE

Cloud Engineer Intern, Cravita Pvt Ltd

6 Months

- Managed AWSEC2instances,including provisioning, monitoring, and lifecycle management.
- Created and maintained Amazon Machine Images (AMIs) and EBS volume backups for disaster recovery.
- Configured IAM policies, security groups, and SSH access to enforce secure infrastructure practices.
- Used AWS CLI and CloudWatch for resource management, monitoring, and troubleshooting.

EDUCATION

Bachelor's of Engineering

- Modern Education Society's Wadia College of Engineering.
- Electronics And Telecommunication Engineering.

HSC (Class XII)

- Jai Hind Junior College, Chandrapur
- Grade:- PASS (82.00%)

SSC (Class X)

- St. Micheal English School, Chandrapur
- Grade:- PASS (82.40%)

ADDITIONAL EXPERIENCE & LEADERSHIP
